

Spokane Youth Environmental Conference

Spokane Community College, June 3, 2010

2010 Conference Sponsorship Form

We are looking for sponsors to support our annual conference and hope you will partner with us!

Our 2010 Spokane Youth Environmental Conference is now scheduled for Thursday, June 3, 2010 to support schools' needs to prepare for the WASL exams. Sponsors help the conference committee continue its goal of inspiring teachers and students to pursue the environmental sciences, and participate in future conferences. Monies are used to give cash grants to participating schools and gift cards to students with "superior" projects.

Three levels of sponsorship are listed below. Although we hope you are able to support at one of these levels, we would appreciate any amount your organization can provide.

Thank you for your consideration!

Level I: Golden Eagle Sponsor \$500 cash
Your company name and/or logo will be printed on all conference materials for attendees, on a large conference banner and on other signage at the conference. You may also loan us your company banner for the day to hang up in the auditorium during the event.

Level II: Silver Salmon Sponsor \$250 cash
Your company name and/or logo will be printed on all conference materials for attendees and on signage at the conference.

Level III: Bronze Dutch Clover Sponsor \$100 cash
Your company name and/or logo will be printed on all conference materials for attendees.

If you are interested, we can distribute corporate promotional items for all conference attendees (pens, magnets, post-it notes, key rings, and so on). We would need 200 of any particular item.

If you have any questions about becoming a conference sponsor, please call Simone Ramel at the Spokane Regional Clean Air Agency, 477-4727, extension # 114.

Company name: _____

Address: _____

City: _____ State: _____ Zip: _____

Contact Name: _____ Telephone: _____

E-mail: _____ Sponsorship Amount: _____
