

Spokane Youth Environmental Conference - June 3, 2010

Abstract Rubric - Abstract Deadline is April 23, 2010

Name(s):	Project Title:	Evaluator:
-----------------	-----------------------	-------------------

Using the criteria below, score the project abstract in the boxes provided on the right side of this chart. The optimum number of points in any category is 15. It is used to indicate high quality work. An 11 is used to indicate satisfactory work, and a 7 indicates below average work. There is an overall total of 45 points possible.

30-45 = acceptable

29-15 = try again

14 and below = thanks for trying—maybe next year

Criteria	12-15 Points <i>Exceeds Standards</i>	8-11 Points <i>Meet Standards</i>	0-7 Points <i>Working Towards Standards</i>	Total
Hypothesis/Conclusion	Hypothesis/Conclusion: included, clear and thoughtful. Different points of view are present and the new knowledge gained is evident.	Hypothesis/Conclusion: included but missing details. One point of view is present. The new knowledge gained could be found.	Hypothesis/Conclusion: lacking clear hypothesis or conclusion. There are no points of view present and no evidence of new knowledge gained.	/15
References	References: complete list and in correct format.	References: partial list with only a few mistakes.	References: incomplete	/15
Mechanics	Spelling: no errors Grammar: no errors	Spelling: three or fewer errors Grammar: three or fewer errors	Spelling: four or more errors Grammar: four or more errors	/15

Comments	Total Points /45
